

Sixth Grade Social Studies Learning Targets 2015-2016 REGIONAL SCHOOL UNIT #22

RSU #22 is committed to the optimal learning of all students. As RSU #22 continues to move towards meeting 2018 graduation expectations, we have elected to look at proficiency learning targets K-12. Rather than only the high school being responsible to report student proficiency, we have created some initial targets at each grade level. We know that some children may be able to meet standards beyond the targets listed at the grade level. We also know that some students will need more time to meet the expectations.

Standards Scored on the Report Card:

Culture: Awareness & Understanding

- Understands how culture impacts society.

Geography: US Regions

- Understands the physical features that are common and unique to regions of the United States.
- Understands the relationship between regions of the United States and climate.

Geography: World

- Understands the physical features that are common and unique to various parts of the World.

Geography: Maps and Tools

- Understands the purpose of a legend and a map scale.
- Understands the concept of geographic grid using latitude and longitude.
- Understands purposes and uses of thematic maps.
