The Association recognizes that the Board has the authority and responsibility to manage and direct, on behalf of the public, the activities and operations of the School District to the extent authorized by law. The Association agrees that for the duration of the Agreement, the articles agreed upon and contained herein shall not be reopened unless by mutual agreement of the parties. Nothing herein shall be interpreted to deny teachers and/or the Association their (its) rights under Chapter 9-A, Title 26 M.R.S.A. or, the Association's right to negotiate the impact of policy changes on wages, hours and working conditions.

ARTICLE 4 - GRIEVANCE PROCEDURE

A. Definitions

1. A "grievance" is any alleged violation of this Agreement or any dispute with respect to its meaning or application.

2. An "aggrieved party" is the teacher or group of teachers who submit a grievance or on whose behalf it is submitted and the Association.

B. Submission of Grievance

1. Before submission of a written grievance the aggrieved party must attempt to resolve it informally.

2. Each grievance shall be submitted in writing on a form approved by the Board and the Association and shall identify the aggrieved party, the provisions of this Agreement involved in the grievance, the time when and the place where the alleged events or conditions constituting the grievances occurred, and the redress sought by the aggrieved party.

3. A grievance shall be deemed waived unless it is submitted within twenty (20) days after the aggrieved party knew or should have known of the events or conditions on which it is based.

4. The following may submit grievances:

a. A teacher or group of teachers may submit grievances which affect them personally.

b. The Association may submit any grievance. If a grievance is limited in effect to one school, the grievance shall be submitted to the building principal. Otherwise, it shall be submitted directly to the Superintendent.

5. Any unit employee at any time may present the grievance to the public employer and have such grievance adjusted without the intervention of the bargaining agent, if the adjustment is not inconsistent with the terms of the collective bargaining agreement then in effect and if the bargaining agent's representative has been given reasonable opportunity to be present at any meeting of the parties called for the resolution of such grievance. The Association reserves the right to participate in any grievance discussion held under the terms of this Agreement.

6. An employee has the right to be represented by the Association through the Board level of the grievance procedure.

7. All meetings and/or hearings dealing with grievance or arbitration hearings shall be held in executive session unless a public session is mutually agreeable to both the Association and the Board.

C. Procedure for Resolving Grievances

1. The Building Principal

a. The Building Principal shall respond in writing to each grievance received within five (5) days.

b. If the aggrieved party is not satisfied with the response of the Principal, such aggrieved party may submit a copy of the grievance to the Superintendent within ten (10) days from the date of receipt of the answer, or the due date of the answer

2. Superintendent of Schools

a. The Superintendent or a designated representative shall, upon request, confer with the aggrieved party and chosen representatives with respect to the grievance and shall deliver to the aggrieved party, with a copy to the Association, a written statement of the position with respect to it no later than ten (10) days after it is received by the Superintendent.

b. If the aggrieved party is not satisfied with the disposition of the grievance by the Superintendent, the grievant may, within five (5) days after the reply of the Superintendent is due, appeal to the Board.

c. In the event the Superintendent fails to provide a written decision within the required time limits, the aggrieved party or the Association may file a separate grievance directly to the Board of Directors alleging a violation of the grievance procedure by the Superintendent.

3. The Board

a. To carry an appeal to the Board, the aggrieved party shall submit the grievance records thus far completed to the Superintendent within five (5) days of receipt of the written position of the Superintendent.

b. The Board shall either meet with the aggrieved party and representatives within fifteen (15) days after receipt of the grievance from the aggrieved party, or if during the summer recess, at the next regularly scheduled Board meeting.

c. In order to assure impartial grievance hearings, the parties agree that discussion of the grievance with the other party should be limited to those discussions at the official hearing or during those official steps leading up to the hearing.

d. Within ten (10) days after the Board meeting at which the grievance is presented, the Board shall render its decision in writing to the aggrieved party and to the Association. In the event the Board does not provide its written decision within ten (10) days and if the Association submits the grievance to arbitration, the Board shall pay the administrative filing fees of the American Arbitration Association. If no administrative fees are required, the District shall pay its share of the arbitrator's expenses plus an amount equal to the AAA filing cost, and the Association's cost for the arbitrator shall be proportionally decreased.

e. Time limits may be extended by mutual agreement between the Board and the Association.

D. Arbitration

1. If an employee or the aggrieved party is not satisfied with the disposition of the grievance at the Board level, the employee or the aggrieved party may within five (5) days request in writing to the President of the Association that the grievance be submitted to arbitration.

2. The Association shall, within ten (10) days after receipt of such request, if the Association formally determines that the grievance is meritorious and recommends such action, submit the grievance to arbitration.

3. The Chairman of the Board or designee and the President of the Association or designee shall, within five (5) days after such notice, jointly select a single arbitrator who is an experienced and impartial person of recognized competence. If an arbitrator is not mutually agreed upon, either party may request the American Arbitration Association to utilize its procedures for the selection of the neutral arbitrator, or by mutual written agreement request the Federal Mediation and Conciliation Service to utilize its procedure for the selection of the neutral arbitrator.

4. The arbitrator's decision will be in writing and will set forth the findings, reasoning and conclusions on the issues submitted. The arbitrator will be

without power or authority to make any decision which requires the commission of an act prohibited by law or which is violative of the terms of this Agreement. The decision of the arbitrator shall be final and binding only in disputes between the parties as to the meaning or application of the specific terms of the collective bargaining agreement. The arbitrator shall have no power to alter, add to, or detract from the provisions of this Agreement.

5. The cost of the services of the arbitrator will be borne equally by the Board and the Association except as provided for in Section C(3)(d) of this Article.

6. The election to submit a grievance to arbitration shall automatically be a waiver of all other remedies or forums which otherwise would be available, except for those rights guaranteed by law.

ARTICLE 5 - TEACHING HOURS

A. Teachers shall have a daily duty-free lunch period of twenty (20) consecutive minutes.

B. Teachers, including itinerants, leaving the building will notify the Principal's office. This does not apply to before or after school.

ARTICLE 6 - NON-TEACHING DUTIES

A. The Board recognizes the desirability of providing teacher-aides and/or clerks to perform many of the non-teaching tasks related to the classroom. However, the availability of funds for such a program must be considered. At such time as financial limitations permit, the Board agrees to employ in all schools part-time or full-time aides and/or clerks who shall perform various non-teaching duties assigned by the Principal.

B. The Board shall provide up to \$15,000 per year for the purpose of providing release time during the student day for K-5 classroom teachers to be used for planning time. This designated time is intended for teacher initiatives with minimal administrative oversight.

ARTICLE 7 - TEACHER EMPLOYMENT

A. Upon initial employment, credit shall be given for degrees and previous experience that is directly related to the teacher's assignment in the District in accordance with the salary plan currently in effect. Related experience is defined as teaching experience in grades 7-12 for those certified 7-12, teaching experience in grades K-8 for those certified K-8, or teaching experience in special subject areas for those certified in special subject areas. Other experience in related fields shall be considered by the Superintendent in a manner consistent with standards similar to that of teacher as they relate to professional credentials and length of work years involved.

B. In recognition of the provisions of 26 M.R.S.A. § 964, the Association agrees that during the term of this Agreement or any renewal or extension thereof, neither it nor any of its agents will engage in a work stoppage, a slow down, a strike, or the blacklisting of any public employer for the purpose of preventing it from filling employee vacancies.

C. All regular bargaining unit vacancies and new positions within the bargaining unit shall be posted for a period of not less than five (5) working days. Said vacancies shall be posted on each school bulletin board with a copy sent to Association Leadership. Additionally, vacancies and new bargaining unit positions shall be posted on the District's website and email system. Vacancy notices shall be provided to any employee who has provided the Superintendent with a stamped, self-addressed envelope. A part-time teacher in the area in which the job assignment is increased shall be provided first consideration for this expanded position if he/she has the qualifications and certification for this position. First consideration shall not be interpreted to limit the part-time teacher's rights to apply for any regular or new bargaining unit vacancies.

D. Nothing in this Agreement shall be interpreted as limiting the right of the Board to subcontract work except that such subcontracting shall not cause the discharge or layoff of any unit member as defined within the Recognition clause.

ARTICLE 8 - SALARIES

A. Salaries.

1. The salaries of all teachers covered by this Agreement are set forth in APPENDIX A.

2. The B Scale shall apply to teachers who have fifteen (15) years of experience in the District.

3. If a teacher is absent more than 51% of the contract days in any given school year, then that teacher will not receive a step on the salary scale.

5. If a teacher is placed on an intensive assistance plan, that teacher will not advance a step on the traditional salary scale for the following year. Any teacher dissatisfied with his/her ratings and resulting denial of experience credit may request a review from a committee made up of two members of the Administration/Board and two members of the Association. Decision of the Review Committee shall be made unanimously (See Appendix D for the Intensive Assistance Procedure).

6. Part-time employees shall have pay and benefits prorated to their level of employment. The Superintendent shall determine the appropriate pro ration of wages and benefits at the time of hire.

7. Any teacher who obtains and holds a national teacher certification shall receive in addition to his/her salary an annual stipend of \$2,000. Any guidance counselor holding a national board certification for guidance counselors (NBCC) shall receive \$500 annually. Speech and language pathologists holding a certificate of clinical competence (CCC) in speech pathology shall receive \$500 annually.

B.

1. The annual salaries of teachers shall be paid in twenty-six (26) installments due every other Friday. The first payroll shall always fall on the second Friday of September. The Board recognizes, however, that there may be occasions when circumstances dictate a need for individual teachers to receive their summer pay in a lump sum in June, provided sufficient funds are available. In the event that the number of lump sum payment requests exceeds the availability of funds, the Superintendent shall determine which requests shall be granted and

the amount to be paid on each request. Any teacher whose circumstances require a lump sum payment shall present a written request for such payment prior to March 15th. Any teacher that submitted a lump sum request shall be notified in writing by the Superintendent not later than April 1st as to whether the teacher's request will be granted and the amount to be paid. All authorized and required deductions shall be made from this payment so as to afford insurance coverage, etc., until the first deduction is made the following fall.

2. Teachers will have their paychecks directly deposited to their authorized financial institution(s). Teachers will receive electronic notification of that deposit.

C. When a pay day falls on a school holiday, teachers shall receive their email notification of direct deposit on the previous working day. On the first teacher workshop day of the new school year, the school calendar will be provided to each teacher denoting the pay days for that school year.

D. The schedule of pay for extra-curricular activity covered by this Agreement is set forth in APPENDIX B and it is mutually agreed:

1. All extra-curricular activity assignments shall be voluntary, and acceptance or rejection of a specific extra-curricular assignment by a teacher shall in no way affect the teacher's other conditions of employment.

2. That once having accepted an annual appointment to an extra-curricular assignment, the individual teacher shall remain in position until the end of the activity except in cases of illness or other extenuating circumstances.

3. The Board reserves the right to decide which activities will or will not be conducted and whether a position listed in APPENDIX B shall or shall not be filled. If the Board decides to terminate or not offer a particular activity for which it has already contracted, it may terminate said contract with a thirty (30) day written notice to the teacher. If such notice is given at least thirty (30) days prior to the beginning of the activity, the contract may be terminated without any payments to the teacher. Otherwise, the Board agrees to pay the teacher on a pro-rated basis for that portion of the contracted services performed prior to the date of the notice, plus those that are or would have been performed during the thirty (30) day notice period.

4. Appointments to extra-curricular positions are made by the Board on an annual basis only, and no individual has a vested right to any such position. Extra-curricular positions are not covered by continuing contract provisions. Other provisions of this Agreement do not apply to positions listed in APPENDIX B unless they contain specific language extending such coverage.

5. In the event that no qualified teacher can be found who is willing to coach, direct or advise a particular extra-curricular activity, the Board reserves the right to contract with an individual or individuals outside the school system to provide the service in question. A mileage allowance may be paid at the discretion of the Board.

6. Where a teacher receives appointment to an extra-curricular assignment in this District, the teacher may, at the discretion of the Superintendent, be given salary credit for previous experience of a similar nature performed in another school system.

7. All co- and extra-curricular positions from which the previous coach/advisor has resigned, or was not reappointed, shall be advertised within the District.

8. The Association and Board agree to form a Stipend Review Committee, to be composed of a K-8 teacher appointed by the Association, a 9-12 teacher appointed by the Association, a member of the Board of Directors appointed by the Board, an administrator appointed by the Board and the Athletic Director. The Stipend Review Committee will meet as needed by a consensus of the majority, to determine (1) if the "established relative position (ERP)" criteria have changed with administrative approval, and (2) if our co/extra-curricular salaries are competitive and/or comparable with other schools. If the criteria have changed, the Stipend Review Committee will determine if the compensation needs to be changed to reflect the most recent criteria. If it is determined by our Stipend Review Committee that our co/extra-curricular salaries are not competitive and/or comparable with other schools, a recommendation will be made to the Board and the Association to increase or decrease the compensation. Any increase or decrease in stipend compensation will be submitted to the Board and the Association for ratification. Upon ratification of the Stipend Review Committee's recommendation by both parties, the stipend for the position will be increased or decreased, as appropriate, for the ensuing teacher contract year or as agreed upon

by the parties and the Superintendent shall notify the occupant of the position accordingly.

9. A new co/extra-curricular activity may be created provided it is recognized by the Superintendent. When pay is requested for said activity, the extra or co-curricular activity shall be submitted to the Board of Directors for formal recognition. If formal recognition is granted by the Board, the activity shall be forwarded to the Stipend Review Committee for a recommendation regarding an appropriate "ERP" rating. Upon completion of the rating process by the Stipend Review Committee, the Committee shall submit its rating recommendation to the Association and the Board pursuant to the procedure set forth in Section D. 8 above.

10. ERP Base Pay

2015-2016	\$105.42
2016-2017	\$107.53
2017-2018	\$109.68

11. Payment Schedule for Coaches

Upon hire, the teacher shall elect one of the following payment options:

a. Two payments - the first to be paid at the approximate middle point of the season and the second to be paid at the conclusion of the season and upon written authorization by the Athletic Director/Principal that the coaching duties have been completed. If a fall activity, the first payment shall be made on the last payroll in September, if a winter activity, the first payroll in January, and if a spring activity, the first payroll in May; or

b. A single payment to be paid at the conclusion of the season and upon written authorization by the Athletic Director/Principal that the coaching duties have been completed.

12. Payment Schedule for Co-Curricular Advisors

a. If a full-year activity, the teacher shall elect at the time of hire one of the following three (3) payment options:

1. Two payments - the first to be paid at the approximate middle point of the activity and the second to be paid at the conclusion of the activity. If this option is selected the first payment shall be made in the first payroll of December and the second payment in the first payroll of June; or

2. A single payment to be paid at the conclusion of the activity; or

3. Payment to be incorporated into the teacher's regular paycheck.

b. If less than a full-year activity, the teacher shall elect at the time of hire one of the following two (2) payment options:

1. Two payments - the first to be paid at the approximate middle point of the activity and the second to be paid at the conclusion of the activity.

2. A single payment to be paid at the conclusion of the activity.

E. Mileage

If mileage reimbursement receives prior written approval of the Superintendent or if a teacher is required to travel on a regular basis to meet the teacher's job responsibilities, the mileage rate to be paid will be the rate on July 1st of the current fiscal year as established by the IRS.

ARTICLE 9 - TEACHER FACILITIES

The Board will attempt to provide facilities for teachers who work in more than one (1) building to permit the effective discharge of their responsibilities to students.

ARTICLE 10 - SICK LEAVE

A. Personal Sick Leave

1. Teachers in their second year or more of District employment shall be entitled to fifteen (15) personal sick leave days each school year as of the first official day of said school year whether or not they report for duty on that day. Teachers in their first year of District employment shall be entitled to fifteen (15) days of sick leave as of the first official day that the teacher actually begins work. However, should any teacher resign having used more sick leave days than the teacher has earned at the rate of 1-1/2 days per month, the teacher will forfeit pay for the unearned days used. Unused sick leave shall accumulate to a maximum limit of one hundred thirty-five (135) days. Once the annual entitlement reaches the 135 days limit as of the beginning of any year, a teacher is not entitled to any days beyond 135 days, even if the annual 15 days would exceed 135 days. Part-time teachers shall accumulate sick leave on a pro-rated basis equivalent to their part-time assignments. A teacher, who is employed after the beginning of the school year, shall be immediately credited with all entitled sick leave pro-rated from the date of employment to the end of the school year. Sick leave shall cover only urgent doctor's visits, personal illness or injury on the part of the teacher or family sick leave as in Article 10-B.

2. Sick leave shall not be permitted for elective surgery and associated recuperation time (i.e., surgery performed on a date selected by the teacher) if, in the attending physician's opinion, the surgery and recuperation time could be scheduled during a time when schools are not in session without being detrimental to the health of the teacher. However, should complications arise out of the elective surgery; accumulated sick leave may be used for all days of school absence.

3. It is understood that sick leave will not be used for routine medical and dental appointments. If necessary, a teacher may leave immediately after student dismissal for prescheduled dental and/or medical appointments.

4. Disability due to pregnancy shall be treated as any other sick leave. Such leave shall commence when the health of the teacher, as verified in writing by her physician, will be affected by her continuing to teach. A teacher shall return to work after a pregnancy as soon as her physician verifies that she is physically

able to perform her contractual duties, usually six (6) weeks or less in cases of normal delivery.

5. The Board shall provide a written statement for every teacher at the beginning of each school year indicating the teacher's unused sick leave credit.

6. Any teacher who uses ten (10) or more days of this sick leave in a school year, and any teacher who uses seven (7) or more days of sick leave each year for a period of three (3) years, upon request of the Board, shall be examined by the physician designated by the Board to determine whether the teacher is healthy enough to perform all of the functions of a teacher. The cost of the examination will be borne by the Board. Prior to making such a requirement, the Board will afford the teacher an opportunity to explain the circumstances requiring the leave.

7. In any case where the health of a teacher makes his/her continued employment questionable, the Board may require medical examinations administered to the teacher by a physician or physicians selected by the Board. The cost of such examination(s) shall be borne by the Board and the results shall be submitted to the Board and the teacher.

8. Any teacher who is found to have misused the sick leave provisions of this Agreement shall be subject to the provision included in Article 12 – Leaves of Absence D.2 of this Agreement.

B. Family Sick Leave

Up to fifteen (15) personal sick leave days per year may be used to care for a spouse, children, parents, or other persons with the Superintendent's approval. Up to fifteen (15) personal sick leave days per year may be used to care for children immediately following parenthood. Such days shall be deducted from personal sick leave. Under this provision the maximum number of sick leave days used shall not exceed fifteen (15) days.

C. Sick Leave Pool

1. Each teacher who wishes to become a member of a sick leave pool shall contribute one (1) day of fifteen (15) days of annual entitlement of sick leave

to a sick leave pool on September 1st of each year. This will reduce the teacher's annual entitlement to fourteen (14) days. The maximum number of days allowed in the pool shall be one hundred eighty five (185) days. When a teacher uses up accumulated sick leave, the teacher may draw on the sick leave pool. Any days remaining in the pool at the end of the year may be carried forward up to the amount necessary to increase individual teacher sign-up total to the aforesaid one hundred eighty five (185) days. The Superintendent shall provide the Association with an annual report of days carried forward.

2. The Board may request a statement from a physician substantiating the facts regarding a claim.

3. Withdrawals from the sick leave pool become subject to review by the Executive Board of the Association.

4. Sick leave days contributed to the pool may not be withdrawn if the member at a later date leaves the employ of the Board or wishes to withdraw membership from the pool.

5. Members who, because of a period of illness, have exhausted their accumulated personal sick leave, and have waited five (5) days, may make application to the sick leave pool according to the following conditions:

a. The member must have been ill and absent from work without pay for at least five (5) consecutive school days. Reimbursement will be retroactive to the first day.

b. A member is eligible to draw from the sick leave pool days equal to four (4) times the member's equity in accumulated personal sick leave, provided that the total is not more than the total number of days remaining in the pool, at the member's current rate of pay. Equity in accumulated sick leave will be determined at the beginning of each school year and shall include the current year's sick days.

6. Application for withdrawal shall be made in writing and presented to Association Leadership and the Superintendent.

D. Incentive Program

Any teacher who does not use more than three (3) paid individual or family sick leave days per year shall receive during the first teacher workshop day of the next school year reimbursement equivalent to a single day's per diem, based on the average RSU 22 teacher's salary for the previous school year as determined by the Maine Department of Education.

E. Severance Provision:

Any employee who has 24 or more years teaching experience with RSU 22 shall receive payment at the employee's per diem rate of pay for up to 30 days of unused and accumulated sick leave upon severance. Teaching experience is defined as work performed as a classroom teacher, librarian, guidance personnel, nurse or teacher employed under specially endorsed certificates.

Notice of intent to sever employment shall be given to the superintendent's office by March 19 of the school year in which the compensation is to be received. This provision is not available for retirees currently receiving retirement compensation from the Maine Public Employees Retirement System.

Note: An employee is not eligible for both the normal retirement age incentive (when offered) and the Sick Leave Severance Provision.

ARTICLE 11 - SABBATICAL LEAVE

A. The Board may grant leave of absence, not to exceed one year to a teacher for the purpose of pursuing a further course of study or to travel, to the end that the teacher may be better fitted by education and culture for the teacher's position in the schools. All leaves granted under this policy shall be subject to the following conditions:

1. Application for sabbatical leave must be submitted prior to December 1st for any leave to be taken during the succeeding school year.

2. Applications for leave shall include a description of the proposed program of study and how such study relates to the needs of the school system. (A form for this purpose is available from the Office of the Superintendent.)

3. Applicants must have completed seven (7) years of service in the system for each sabbatical.

4. The number of professional employees on sabbatical leave at any one time may be limited to one (1). The granting of sabbatical leave will be dependent on a qualified replacement being available. Applicants will be notified in writing on or before May 1st whether or not their requests for sabbatical are approved.

5. Payment will be equivalent to half pay for the period of the sabbatical. Medical and dental benefits will also be pro-rated to half. Reimbursement for professional credits shall be pursuant to Article 16.

6. Unless the teacher has been laid off, the teacher is assured of returning to the teacher's former position or to an equivalent position.

7. A teacher will be advanced on the salary schedule as though regularly employed during the period of the sabbatical.

8. A teacher receiving a sabbatical must sign an agreement to return to the District for at least two (2) years following the completion of the sabbatical, or forfeit salary paid him or her during the sabbatical period. In addition, the agreement shall contain the salary and the specific benefits that the teacher shall receive during the sabbatical leave.

ARTICLE 12 - LEAVES OF ABSENCE

A. Paid Leaves

The following temporary non-accumulative paid leaves of absence for teachers shall be in effect. All requests for and granting of leaves of absence under this Article shall be in writing, except for A(3) - Legal Business, A5 - Bereavement Leave, and emergency situations. Such requests shall be received in the Office of the Superintendent five (5) days in advance of the start of the leave and must be approved by the Superintendent. The Superintendent's decision shall be in writing and communicated to the teacher two (2) days before the date of the leave.

1. Personal Leave - Three (3) days of absence under the following conditions:

a. One (1) days for personal, religious, legal, business or family matters which require absence during school hours. It is understood that the day of personal leave will not be used for holiday, shopping trips, or recreational purposes including travel and will not be used to search for employment or spend time with a future employer, except in the case that an employee's position in the District is to be eliminated.

b. Two (2) days for unrestricted personal leave.

c. Any personal leave as provided in Subsection A and B above that is requested to be taken the day before or the day after a vacation period must be for an approved reason(s) and the reason(s) must be stated. A long weekend, such as Columbus Day weekend, will not be considered a vacation for this purpose.

d. Cash Incentive in lieu of Personal Leave

Any teacher who does not use any personal leave during a school year will receive a cash-in-lieu-of benefit of \$200.00. Payment shall be made during the first teacher workshop day of the next school year.

2. Professional Leave - Up to two (2) days for the purpose of visiting other schools or attending meetings or conferences of an educational nature. Requests for such visitations must be submitted at least seven (7) days prior to the date(s) for which leave is requested and must be approved in advance by the Superintendent. The Superintendent may grant full, partial, or no reimbursement for tuition and expenses incurred in connection with workshops, seminars, conferences, in-service training sessions, or any other such activities for which teachers request leave under this Article. If mileage reimbursement receives prior written approval of the Superintendent, the mileage rate shall be the current I.R.S. mileage rate.

Additional days for the purpose of serving in an elected position in a professional/educational organization may be granted by the Superintendent.

3. Legal Business

a. Legal business is defined as time necessary for appearance in any legal proceeding connected with the teacher's employment responsibilities. A

subpoenaed teacher will be paid the difference between a regular day's pay and the statutory witness fee.

b. For teacher absences that arise due to arbitration, mediation or other legal proceedings brought about by an employment dispute between a teacher and the Board, the following shall apply:

1. The teacher who initiated the grievance or other legal proceeding, and is required to appear at said hearing during school hours, will be able to take personal leave to attend.

2. Any other employee who may be subpoenaed as a result of such a hearing, regardless of whether he/she is appearing for the Board or for the teacher, will be granted paid legal leave.

Adult w/Children	70% of difference between single and monthly premium paid by the teacher
Two Adults	Same as Adult w/Children
Family	Same as Adult w/Children

2015 - 2018 If a teacher elects under the MEA Standard or Choice Plus plan to participate in single, adult with child(ren), two-person, or family coverage, the Board shall contribute towards the coverage selected a premium amount not to exceed the premium paid under the MEA Standard 500 Plan for the selected coverage. The teacher shall be responsible for the payment of the additional premium amount.

3. Any health insurance premium paid by the teacher shall be on a pretax basis (Section 125 Plan), pursuant to the rules and regulations of the Internal Revenue Service.

a. Medical and Dependent Care Reimbursement Accounts

In order to enable employees to use pre-tax dollars to pay certain eligible family and health care expenses not covered by insurance, the Board agrees to make available a Medical Expense Reimbursement Account and a Dependent Care Reimbursement Account. Any start-up cost shall be shared by the Board and the Association on a 50/50 basis. Any administrative costs for individual accounts shall be paid by the participating teacher. Both accounts will be administered by the third party administrator – the Maine School Management Association’s program pursuant to a Section 125 plan.

2. The Medical Expense Reimbursement Plan and Dependent Care Reimbursement Plan will be established in conformity with the provisions of Section 125 of the Internal Revenue Code. The annual limits that a teacher may elect to contribute for the respective reimbursement plans are:

Each employee will be notified of the opportunity to make changes in the amount of income that is to be deposited to either the Medical Expense Reimbursement Account (up to the maximum amount allowed under the Board's plan document) or the Dependent Care Reimbursement Account. Any unused balance remaining in an employee's account at the end of the plan year will revert to the employer.

4. Pursuant to IRS requirements, the District has the financial obligation to cover the teacher's designated annual medical reimbursement amount until the funds have been deducted from the teacher's payroll. The parties agree that this obligation is not applicable to the Dependent Care Reimbursement Account.

4. Married couples who are both employees of the District shall be limited to the following health insurance options:

a. The Board shall pay 100% of the married couple's eligible health insurance coverage under the MEA Standard 500 Plan health insurance plan. The couple shall continue to be reimbursed for any deductible and co-payment for services received under that coverage, but in no event shall such reimbursement exceed the annual premium rate for single coverage under the MEA Standard Plan. In addition, if the couple elects to continue eligible coverage under the MEA Standard or MEA Choice Plus health insurance plan, the District shall pay towards the additional premium cost, but in no event more than one-thousand (\$1,000) dollars.

b. Married couples may individually opt for other health insurance plans available to other teachers of the District under this Agreement, but only if the cost of those plans to the District is equal to or less than the cost of the married couples' plan described in this section.

B. Co-Insurance

1. Any teacher who is now and who for the contract year (September - August) immediately prior to the date of incentive program election participated in the Board's medical insurance program or who is a newly hired teacher in any one of said years may elect one of the following medical insurance options at the beginning of the year covered by this Agreement:

Option 1. Any employee covered under a spouse's medical insurance plan and who does not subscribe to the RSU 22 plan shall have any out of pocket costs (deductible and coinsurance cost) for covered medical expenses reimbursed by the Board subject to the dollar value of a yearly premium of a single subscriber plan (MEA Standard plan). This provision shall not apply to amounts over and above the usual and customary charges that are covered by the spouse's plan. Premiums paid by the spouse shall be reimbursed to a yearly total of one thousand (\$1,000) dollars after documentation is provided the Superintendent.

Option 2. Teachers who elect this option will be given an opportunity under the terms of the flexible benefit plan to elect no medical coverage or reduced medical coverage. If a teacher elects no medical coverage or reduced coverage from the coverage the teacher is eligible to receive as a result of his/her family situation and documents that he/she is otherwise covered, the Board will reimburse the teacher one of the following amounts based on the Board's cost saved as a result of the election of reduced coverage or no coverage. The cash payments under this provision are taxable income and shall be paid to the teacher as an addition to her/his regular paychecks:

Single:	\$1,465.92
Adult with Child	\$2,480.96
Two Adults	\$3,119.19
Family	\$3,764.49

2. In case of injury covered under Workers' Compensation law, an employee will be paid from the teacher's accumulated sick leave the difference between the amount of regular pay and the amount received under Workers' Compensation. This difference shall be charged on a pro-rata basis to the employee's accumulated sick leave and will cease when the teacher's accumulated sick leave is exhausted, unless extended by act of the Board. In no case will an employee receive double compensation under both the sick leave policy and the Workers' Compensation law.

F. The Board agrees to provide liability insurance coverage for teachers, in an amount not to exceed \$300,000 per occurrence, to protect them from civil suits arising out of the performance of their duties as Board employees. A.

1. College or university credits earned will be reimbursed up to the current per credit charge of the University of Maine (UM) for either the undergraduate or graduate level credit hour rate. Credits will be reimbursed upon satisfactory completion of the course and the presentation of the course grade report. Satisfactory completion means the earning of a letter grade of “C” or higher.

2. The superintendent may approve reimbursement at a higher rate than the University of Maine rate for courses taken elsewhere. In such circumstances the total amount reimbursed in any one budget year shall not exceed the University of Maine per credit charge for undergraduate or graduate level courses times twelve (12).

The Superintendent may grant full, partial, or no reimbursement for any of the above, when the request to attend the same has been made by the teacher.

G. In order for a teacher to receive reimbursement for any approved course(s), the teacher must submit a written request for reimbursement of the tuition rate paid by the Board within sixty (60) calendar days of receipt of written notification of satisfactory completion of the course. The sixty (60) days submission requirement may be waived by mutual written agreement between the Superintendent and the teacher.

H. District's Direct Payment Option

1. As an alternative to the above reimbursement procedure, the District shall provide any teacher who complies with the above approval procedures for course reimbursement the option of receiving a direct payment to any accredited college or university. The Superintendent shall make arrangements at the employee's request with any accredited college or university for a direct payment, provided a direct payment option is available. This direct payment option is not allowable for the payment of any courses exceeding twelve (12) credit hours per school year. In the event that the tuition cost exceeds the University of Maine tuition rate for undergraduate or graduate credits or if any other related costs exist, such cost shall be the financial responsibility of the teacher, not the District.

2. In the event that any teacher who has used this direct payment option fails to successfully complete the course(s) or to provide written verification within sixty (60) calendar days of receipt of written notification of satisfactory completion of the course, the teacher shall reimburse the District the amount of payment made on behalf of the teacher. Unless other written repayment arrangements are made with the Superintendent, any reimbursement owed to the District by the teacher shall be made by payroll deductions in six (6) consecutive payments. Full payment may be made to the business office at any time.

APPENDIX A - SALARIES

Salary Schedules

See attached salary schedules for 2015-2018.

Experience

Partial experience in excess of 2 years shall count as one full year of experience - 93 days or more.

The Board agrees that no teacher hired into the system will be paid more than a teacher of similar training and experience who is already employed by the District.

Change of Degree

The Board agrees that any teacher who changes degree status will be paid at the same rate as a presently employed teacher of similar training and experience. To be eligible to receive such a salary adjustment for the next school year, the teacher must notify the Superintendent on or before February 1st of an intent to complete this degree prior to the start of the next contract year. The salary adjustment for any teacher who changes degree status during a contract year will be effective at the start of the next contract year.

Differential for Guidance Counselors

Guidance counselors are required to work a longer work year than that of classroom teachers. Consequently, the annual compensation for guidance counselors shall be the same as that of a teacher with the same education and experience plus payment for the additional days worked at the counselor's regular per day rate. The work year for middle and high school guidance counselors shall be 194 days. The work year for elementary (K-5) counselors shall be 189 days.

A guidance counselor, the building principal, and the Director of Guidance may agree to a shortened required work year for guidance counselors. Such mutual exception shall be made on an annual basis and shall be in writing and

provided to the Superintendent. In such instance, the guidance counselor's salary shall be reduced on a per diem basis for any reduced days of required work.

Guidance counselors with day treatment responsibilities who hold a professional licensure shall be paid up to \$300 every two years.

Notwithstanding the extended work year for K-8 Guidance Counselors provision pursuant to Appendix A - Differential for Guidance Counselors of the Teachers' Collective Bargaining Agreement, a guidance counselor, the building principal, and the Director of Guidance may agree to a shortened required work year. Such mutual exception shall be made on an annual basis and shall be in writing and provided to the Superintendent. In such instance, the guidance counselor's salary shall be reduced on a per diem basis for any reduced days of required work.

Nurses' Salary

Nurses possessing at least a Bachelor's degree employed under this Agreement shall be paid on the teacher's scale. In the case of non-degree nurses, they will be paid on a base pay of \$14,500 per annum with an experiential credit per year of experience equal to that of the average percentage increments of the teacher's scale. In the case of a non-degree nurse, the progression on this scale is dependent upon the individual achieving at least six (6) credit hours per year while matriculating toward a professional degree.

Advanced Degree Scale

The Advanced Degree Scale shall apply to those teachers with an earned Doctorate, C.A.S., 2nd Masters, or 30+ credits acquired while matriculating toward a second advanced degree. Credits earned at random will not apply.

Orientation for New Teachers

All new teachers will attend orientation day(s) as determined by the Superintendent and shall be compensated at a summer rate as determined by the Superintendent.

APPENDIX D - INTENSIVE ASSISTANCE PROCEDURE

When a continuing contract faculty member is not meeting one or more standards as set forth by the district's professional evaluation matrix, that faculty member will be placed on Intensive Assistance. The determination that a faculty member is not meeting the standard(s) will be made by the faculty member's supervisor after consultation with the superintendent. The purpose of intensive assistance is to improve the performance of the faculty member.

Except in disciplinary situations, or in the case of health, safety or legal violations, prior to being placed on Intensive Assistance, the faculty member shall have been provided specific written information regarding the standard(s) that are not being met, and recommendations as to how to improve to meet the standard(s). Should sufficient improvement not occur, the faculty member shall be provided additional written documentation regarding the deficiencies which have not been satisfactorily ameliorated, and that Intensive Assistance will occur if the faculty member continues to fail to meet the standard(s). This written documentation shall be provided to the superintendent at the time it is provided to the faculty member.

Intensive Assistance is a performance designation that follows classroom observations/evaluation. The teacher's collective bargaining agreement, Title 2--A Maine Education and School Statutes, and Federal Law are also incorporated. Faculty members may choose to have Association representation involved throughout the process.

Step 1 _____ Through a formative observation, summative evaluation, classroom observation, or a non-classroom observation a supervisor identifies standard(s) not being met. The supervisor then has a conversation with the faculty member including specific written information regarding any standard in question, and recommendations as to how to improve and meet the standard(s). The faculty member signs the written documentation, recognizing the conversation.

Step 2 _____ Supervisor, with faculty member's input, identifies resources (people, professional literature, professional development activities) needed to improve and meet the standard(s). Supports(s), if needed, are put into place to help the teacher improve to an effective level within a designated time period.

Step 3 _____ Should sufficient improvement not occur, the faculty member shall be provided with additional written documentation regarding the specific standard(s) that are still deficient, and informed that Intensive Assistance will occur if the faculty member continues to fail to meet the standard(s). This written documentation shall be provided to the faculty member who will sign the documentation recognizing the conversation.

Intensive Assistance:

Step 4 _____ Supervisor, with faculty member's input, develops an action plan and timeline to address deficient standard(s). The plan must include components which clearly indicate how the faculty member will demonstrate improvement in the standard(s) not being met. The components must be clear and measurable.

Step 5 Supervisor and faculty member identify resources (people, professional literature, professional development activities) that the faculty member can utilize to implement the action plan designed to address the deficient standard(s).

Step 6 Supervisor monitors the action plan, providing regular written feedback to the faculty member regarding progress made.

Step 7 Supervisor determined that the faculty member meets the standard(s) and recommends to the superintendent that the faculty member's contract be renewed.

OR

Supervisor determines that the faculty member does not meet the standard(s) and recommends to the superintendent that the faculty member's contract not be renewed.
