

School Board Self-Evaluation

At their first meeting in August the Board of Directors will receive the school board self-evaluation document. The evaluations will be completed by a designated Ad-Hoc Committee so that the results can be presented to the full board. This time will allow aggregate results to be incorporated in summer retreats for board development, as well as in the development of board goals for the subsequent year(s).

Adopted: April 26, 2006

Amended: July 26, 2011
