- XVI. Adjourn

Education enables all students to learn the skills, acquire the knowledge, and develop the attitudes necessary for them to reach their potential as citizens who can meet the challenges of a changing global society. We believe that

- all citizens in our communities share the responsibility to educate our children and themselves,
- our schools are community support systems and should welcome and encourage all members of our communities to participate, and
- our schools will have a supportive and empowering atmosphere for all students and community members.
