

ATHLETICS

Hampden Academy Athletic Department is now using online registration through **Family ID(familyid.com)**.

Family ID is a secure registration platform that provides you with an easy, user -friendly way to register for our sports programs and helps us to be more administratively efficient and environmentally responsible. When you register through Family ID, the system keeps track of your information in your Family ID profile. You enter your information only once for each family member for multiple uses and multiple programs. Please look on the HA Athletics Website for further details, ha.rsu22.us/athletics.

Hampden Academy Athletic Program uses **Schedule Star** for all of our scheduling needs. Game and practice times, school dismissal and bus departure times are all current and updated daily. Schedule Star can be accessed directly from the HA Athletic Website, ha.rsu22.us/athletics.
